ORDER:

In the reference 1st read above, the Vice Chairman, Andhra Pradesh Space Applications Centre, Planning Department, A.P has informed that the Andhra Pradesh Space Applications Centre (APSAC) has developed a protocol for Integrated Seasonal Condition Monitoring System (ISMS) at Mandal level fortnightly to assess the Agriculture Drought situation. APSAC is successfully assessing drought situation in Andhra Pradesh from last five year using last fifteen years satellite data derived indices - NDVI, NDWI, VCI and AWS data (Rainfall and Dry spell). This would help in assessing in-season agriculture drought situation, which may be utilised by State Government for near real time Drought preparedness and also for declaration of drought Mandals. APSAC is identified as the nodal agency for generating remote sensing data including NDVI values, which is one of the indicators for drought declaration. In this regard, APSAC submitted project proposal for carrying out the satellite remote sensing based Integrated Seasonal Condition Monitoring project for Kharif 2017. The total estimated project cost is Rs.20.05 Lakhs and requested DM Department to sanction above said amount.

2. In the reference 2nd read above, the Finance (FMU-REV-INDS-CDM) Department have give their concurrence and also issued BRO for an amount of Rs.20,05,000/- (Rupees Twenty Lakhs Five Thousand only) as additional funds in relaxation of Treasury Control and Quarterly Regulation orders pending provision of funds by way of obtaining supplementary grants during 2017-18, towards Integrated Seasonal Condition Monitoring System (ISMS) to Andhra Pradesh Space Applications Centre, Planning Department.
